

Dear Riverside Action Group (RAG),

This is a follow-up to our newsletter of 20 March, to inform you that the RIBA design competition was formally launched last week. The search for an architect has now started, and closing date for entries is 7 May.

The Council is expected to shortlist 5 entries, which will then be further developed during a second phase.

For more information, you can find the RIBA competition [here](#), and the Council's update LBRuT website [here](#).

As ever, RAG welcomes your comments.

Thank you to those who have offered to be part of RAG steering group, we will be in contact with you shortly. Other volunteers are welcome.

Thank you also to those who responded with thanks to our previous newsletter, and those who commented. We will be in touch again soon.

Mark, Peter and Marion
